

SHIPS LASHED BY HARD STORM

14 Vessels Wrecked, Missing or Disabled on the North Atlantic Coast

75-MILE GALE IN NEW FOUNDLAND

And Train Service There Was Blocked by the Drifting Snow

Halifax, N. S., Dec. 12.—Fourteen vessels, wrecked, missing or making port in a crippled condition were recorded by the marine authorities today as victims of storms which swept the North Atlantic coast during the last two days. A 75-mile gale from the Gulf of St. Lawrence was still raging over Newfoundland to-day and train service there was blocked by drifting snow.

The steamer Pro Patria, used in coastwise passenger and freight service, which left St. Pierre, Miquelon, for Sydney, N. S., on Wednesday, was reported missing. Four United States shipping board tugs, bound from Quebec to Boston by way of the port, which became separated in the Gulf of St. Lawrence, were to-day believed to be safe in some of the small harbors on the east coast of Prince Edward Island. The United States shipping board

WOMEN NEED SWAMP-ROOT

Thousands of women have kidney and bladder trouble and never suspect it.

Women's complaints often prove to be nothing else but kidney trouble, or the result of kidney or bladder disease.

If the kidneys are not in a healthy condition, they may cause the other organs to become diseased.

Pain in the back, headache, loss of ambition, nervousness, are often times symptoms of kidney trouble.

Don't delay starting treatment. Dr. Kilmer's Swamp-Root, a physician's prescription, obtained at any drug store, may be just the remedy needed to overcome such conditions.

Get a medium or large size bottle immediately from any drug store.

However, if you wish first to test this great preparation send ten cents to Dr. Kilmer & Co., Binghamton, N. Y., for a sample bottle. When writing be sure and mention the Barre Times.—Adv.

steamer Davidson county, disabled 300 miles east of Halifax by the loss of her propeller, was reported approaching port in tow of the American steamer West Togue. The Canadian steamer Selinger was hurrying to the assistance of the British freighter Hornsea, a former German vessel, which was in distress east of Canada.

The British steamer Carmania, which collided with the steamer Maryland about 500 miles off this port Wednesday, was expected to reach here to-day under her own steam. Fire discovered aboard the Leyland line freighter Merican when about 35 miles off Cape Race yesterday, caused her to direct her course toward this port. The Merican left Boston on Dec. 5.

The steamer Chetopa, which lost two propeller blades about 250 miles south of Halifax, was reported unmanageable and in need of assistance. Late reports from the American steamer Lake Glenwood, driven ashore on Port Hood Island in the Gulf of St. Lawrence, indicated that she would be a total loss. The crew was rescued by means of a breeches buoy. Another American steamer, The Lake Elmwood, which went ashore on Cape Blue near Harbour Au Bouche, Antigonish, while en route from Quebec to Halifax, rested on sand and is in no immediate danger.

A report from Curling, N. F., said that two American schooners, the Reonalf Moulton, bound from Cadiz to St. Johns, and the T. M. Nicholson of Bucksport, Me., were ashore in Humber Arm. Another vessel parts chains at Wood Island and brought at Summer-side.

ALEX BERKMAN TO GO IMMEDIATELY

Supreme Court Declines to Interfere in Deportation Proceedings—Goldman's Case Gets Week's Stay.

Washington, Dec. 12.—The supreme court yesterday declined to interfere in the deportation proceedings against Alexander Berkman, anarchist, but granted a stay of one week in the case of Emma Goldman.

The stay in the Goldman case was granted to permit further consideration of her application to file an appeal from the action of Federal Judge Mayer in New York in denying a writ of habeas corpus. The stay was understood to have resulted from contentions made in the behalf that while a Russian by birth, she became naturalized through marriage.

The court denied Berkman's petition to appeal his case. The stay against orders of the department of labor providing for deportation expired in his case at 4 p. m. yesterday.

New York, Dec. 12.—Alexander Berkman is now subject to immediate deportation, United States Attorney Caffey said yesterday. Officials at Ellis Island said they knew of no plans to send him out of the country at once, however.

FAMED THEATRE WAS DESTROYED

And Lives of 2,000 People Imperiled in Ancient Hall in Washington

STUB OF CIGARETTE STARTED BLAZE

Cool Heads Prevailed and Big Audience Got Out in Safety

Washington, D. C., Dec. 12.—The Lyceum theatre, known before the Civil war as the Washington Assembly hall, and which for nearly a century has played a part in the social life of the capital, and in which five presidents held inaugural balls, was in ruins to-day. Fire, which started about midnight from a lighted cigarette thrown into a crowded gallery, and which imperiled the lives of upwards of 2,000 persons, damaged the buildings and contents to the extent of about \$75,000, it was estimated. Harvey's restaurant, another establishment famous for its gathering of notables before the Civil war, which adjoins the Lyceum, was slightly damaged.

The theatre was well filled by an audience that had stayed after the regular performance to witness a wrestling match. A cry of fire from the gallery nearly precipitated a panic, but the crowd was reassured. A few minutes later flames burst through the ceiling and this time the audience made a rush for the exits. Cool heads checked the fear-stricken patrons and the building was cleared in an orderly manner.

EAT LESS MEAT IF BACK HURTS

Take a Glass of Salts to Flush Kidneys If Bladder Bothers You.

Eating meat regularly eventually produces kidney trouble in some form or other, says a well-known authority, because the uric acid in meat excites the kidneys, they become overworked; get sluggish; clog up and cause all sorts of distress, particularly backache and misery in the kidney region; rheumatic twinges, severe headaches, acid stomach, constipation, torpid liver, sleeplessness, bladder and urinary irritation.

The moment your back hurts or kidneys aren't right, or if bladder bothers you, get about four ounces of Jad Salts from any good pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush clogged kidneys and stimulate them to normal activity; also to neutralize the acids in the urine so it no longer irritates, thus ending bladder disorders.

Jad Salts cannot injure anyone; makes a delightful effervescent lithia-water drink which millions of men and women take now and then to keep the kidneys and urinary organs clean, thus avoiding serious kidney disease.—Adv.

MR. SOLDIER FROM FRANCE

Have You Dyed Your Service Overcoat Yet?

Men's styles this year call for great, roomy Ulsters and Belted Overcoats, exactly like that good, warm service coat you brought back from France. You can get splendid results in dyeing these coats a rich, handsome navy blue or a rich brown.

And if you wish to depart from the regulation military collar, this can be done also. Even make it a dressy velvet if you like. And of course putting on new buttons, hemming the bottom, and otherwise making it look as good as many of this season's \$50.00 to \$75.00 models. And, oh, boy! what a difference in cost, for at the most but a few dollars and several days' time are needed to make this wonderful change.

Considering the small cost and amid these days of high cost of living, you cannot afford to lay these coats aside. Bring 'em to me, let me fix 'em up.

I specialize in high-grade sanitary dyeing, cleaning and pressing.
